

NFTBingo Community and Growth Manager

Job Title: Community & Growth Manager (Web3 Gaming)

Project: NFTBingo

Platform: Discord / X (Twitter)

Position Type: Contract – Paid 30 Day Trial Period (Potential for Long-Term Role)

About NFTBingo

NFTBingo is a Web3 gaming platform that brings traditional bingo into the blockchain era. Players own reusable bingo cards as NFTs and participate in live games with real money prizes.

Games run weekly, with live community engagement through Discord and Twitter Spaces. The project focuses on building a fun, fair, and social gaming experience while growing an active community of players.

We are looking for a Community & Growth Manager whose primary goal is to **grow the number of players participating in NFTBingo games.**

Primary Objective

The Community & Growth Manager is responsible for recruiting new players, engaging the existing community, and promoting NFTBingo across Web3 social platforms.

Success in this role is primarily measured by:

Bringing new players into NFTBingo games.

Target during the trial period:

- **Minimum 30–40 new players within the first 30 days**

A new player is defined as a wallet participating in their **first NFTBingo game.**

Core Responsibilities

Community Engagement (Discord)

- Maintain an active presence in the NFTBingo Discord community
- Welcome new members and guide them through getting ready to play

- Help players verify wallets and use their bingo cards
- Answer questions and maintain community discussions
- Encourage participation in weekly game nights

Response expectations:

- Community questions should receive a response **within one hour whenever possible**

Expected engagement time:

- **2–3 hours per day**
-

Social Media Promotion (X / Twitter)

Daily activity expectations:

- **3 original posts per day**
- **5 retweets per day**
- **15 meaningful replies per day**

Replies should engage with conversations in:

- NFT communities
- Solana communities
- Web3 gaming discussions

Spam or automated engagement is not permitted.

Game Promotion

NFTBingo runs live games **every Sunday**.

Promotion responsibility examples may include:

Monday

- recap of the previous game and winners and weekly Thread Contest

Wednesday

- engagement or educational post about NFTBingo

Friday

- reminder about upcoming games

Saturday

- promotion of the **NFTBingo Twitter Space**

Sunday

- promotion and live engagement during game day
-

Twitter Spaces

NFTBingo hosts a community Twitter Space **every Saturday**.

Responsibilities may include:

- helping promote the space
 - co-hosting or participating in discussions
 - encouraging listeners to join Sunday games
-

Community Outreach

Each week the Community Manager should:

- Engage with **5 external Discord communities**
- Contact **5 potential partner communities**

These communities may include:

- NFT projects
- Web3 gaming communities
- Solana ecosystem groups

The goal is to invite new players into NFTBingo games.

Weekly Reporting

A short weekly report must be submitted including:

- tweets, retweets, and replies completed
- Discord engagement summary
- number of new players recruited
- communities contacted for partnerships
- feedback or suggestions from the community

Secondary Performance Indicators

While player growth is the primary goal, additional indicators include:

- growth in Discord members
- growth in verified NFTBingo players
- growth in X followers
- overall community engagement

30 Day Trial Period

All candidates begin with a paid **30-day trial period**.

Performance during the trial will be evaluated based on:

- ability to recruit new players
- consistency of daily engagement
- professionalism in community interactions
- contribution to overall community activity

Successful candidates may be offered an extended role after the trial period.

Ideal Candidate

We are looking for someone who:

- understands Web3 communities
- is active on X and Discord
- enjoys gaming and online communities
- is comfortable talking to new people and recruiting players
- is proactive and self-motivated

Experience with NFT communities or Web3 gaming projects is a strong advantage.

Compensation

Compensation structure will be discussed with qualified candidates and may include:

- monthly compensation
 - performance bonuses
 - potential long-term role within the project
-

How to Apply

Interested candidates should complete and submit this [NFTBingo Community and Growth Manager Application](#). Qualified candidates will be brought in for an interview in Discord.
